

Neuromediterranee VI
17-21 Mayıs 2004
Hotel Crowne Plaza, İSTANBUL

PRELIMINARY PROGRAM

17 May 2004, Monday

Afternoon Arrival-Registration

Teaching Courses

Neurocognition :

H. Gürvit, Ö. Öktem, Turkey

Botulinum Toxin Application Mechanisms of action of botulinum toxins:

D. İ. Günel, Turkey

Hemifacial spasm:

M. Demirkıran, Turkey

Blepharospasm and oromandibular Dystonia:

C. Akbostancı, Turkey,

Cervical Dystonia:

R. Çakmur, Turkey

Limb Dystonia and spasticity:

Y. Parman, Turkey

18 May 2004, Tuesday

08.15 - 08.30: Opening: D. Kirbas (Local Organizing Com. President)

G. Serratrice (Neuromed. President)

A. Siva (Turkish Neurology Society President)

08.30 - 09.00: Opening lecture

Educational Programs of the World Federation of Neurology: T. Munsat

09.00 - 10.30: Plenary session:

Dementia: practice and theory

Chairman: M. Emre, Turkey

Mild cognitive impairment: what is it?:

B. Dubois, France

The role of apoptosis and anti-apoptotic treatment in degenerative dementia:

E. Melamed, Israel

Epidemiology and risk factors for Parkinson's disease dementia:

R. Inzelberg, Israel

10.30-11.00: Coffee Break

11.00-12.30: Plenary session

Frontotemporal lobar degeneration:

G. Yener, Turkey

Lewy body dementia a synucleopathy:

B. Michel, France

Electrophysiology of cognition: examples of clinical applications:

T. Demiralp, Turkey

Epidemiology of Dementia in Albania

J. Kruca, Albania

12.30-14.00: Lunch

14.00-15.00: Oral Presentations

Hall A & Hall B

15.00-15.30: Coffee Break

15.30-17.00: Workshop (Case Presentations)

Hall A Extrapiramidal Diseases: case presentations

17.00-18.00: Satellite Meeting

19.30: Welcome Cocktail

19 May 2004, Wednesday

08.00-08.50 Breakfast seminars

Hall A Electrophysiological analysis of aphasia prognosis:

O. Tanridag, Turkey

Hall B Posture and gait: principles and clinical correlations:

Y. Sarica, Turkey

09.00-09.30 J. Bogousslavsky, Switzerland: Subject to be announced

09.30-10.30 Plenary session: Stroke I

Pathophysiology of cerebral ischemia:

T. Dalkara, Turkey

Stroke risk factors and subtypes in Turkey:

G. Ozdemir, Turkey

Early intrinfarct haematomas:

D. Necioglu, Turkey

Cerebral atherosclerosis in diabetics: preliminary report:

M.A. Etribi, Egypt

10.30-11.00 Coffee Break

11.00-12.30 Plenary session: Stroke II

New trends in acute medical support in acute stroke patients:

Y. Krespi, Turkey

Present status of intravenous thrombolysis for acute stroke in Europe:

C. Fieschi, Italy

Secondary prevention of ischemic stroke:

K. Kutluk, Turkey

12.30-14.00 Lunch

14.00-15.00 Oral Presentations
Hall A & Hall B

15.00-15.30 Coffee Break

15:30-16:00 : An update on the treatment of dysimmunopolyneuropathies:
J.M. Leger, France

16.00-17.00 Workshop

Hall A Investigational neuroradiology
The recent role of endarterectomy in cerebrovascular disease:
M. Kurtoglu, Turkey
Endovascular cerebrocervical revascularisation:
C. Islak, Turkey
Hall B : Ataxia with oculomotor apraxia in Tunisia: clinical and genetic
findings: F. Hentati, Tunisia
New recessive cerebellar ataxia: C. Tranchant, France

17.00-18.00 Satellite meeting

20 May 2004, Thursday

08.00-08.50 Breakfast seminars:
Hall A Neuropathic pain: E. Tan, T. Tanrıdağ, Turkey
Hall B Cerebral atherosclerosis and sleep related breathing Disorders:
E. Gözükırmızı, Turkey

09.00-10.30 Plenary session: Neuromuscular and peripheral nerve disorders
Neuromyotonia:
G. Serratrice, France
Autosomal recessive demyelinating CMT:
Y. Parman, Turkey
Andersen syndrome:
J. Pouget
Understanding ALS:
T. Munsat

10.30-11.00 Coffee Break

11.00-12.30 Plenary session: Epilepsy
Borderlines of epileptic seizures in infancy and childhood:
A. Dervent, Turkey
Nonepileptic psychogenic seizures:
S. Saygi, Turkey
Status epilepticus; causes, treatment and predictors of case fatality in neuro-
intensive care unit:
A. K. Sağduyu, Turkey
Cortical Dysplasia:
A. Khalifa, Syria

12.30-14.00 Lunch

14.00-15.00 Oral Presentations
Hall A & Hall B

15.00-15.20 Coffee Break

15.30-16.00 Workshops

Hall A : Neurobehçet syndrome : A. Siva, Turkey
Hall B: Analytic epidemiology of Parkinson's Disease: G. Savettieri, Italy

16:00-17:00 Brainlinc Case Workshop

20.00 Gala Dinner

21 May 2004, Friday

08.00-08.50 Breakfast seminars:
Hall A Dizziness: diagnosis and management:
N. Çelebisoy , Turkey
Hall B Child Neurology: Childhood Myasthenia:
B. Anlar, Turkey

09:00-09:50
Fifty years of MS: A personal retrospective:
C. Poser, ABD

09:50-10:30 Coffee Break

10.30-12:00 Plenary session:
Heterogeneity of Clinical Spectrum and MRI in Demyelinating Disease :
R. Karabudak, Turkey
Heterogeneity of Multiple Sclerosis Lesions and MRI correlates of Multiple
Sclerosis subtypes:
A. Altıntaş, Turkey
Early treatment in MS:
I. Milonas, Greece

12:00- 13:30 : Lunch

13:30-17:00: Turkish-Greek Joint Meeting
Other invited speakers
Pelletier
